Katalon

Proposal for

TakaMoL Holding

Jul 8, 2022

Dear Ali Mega,

Thanks again for the opportunity to present this proposal. If you have any questions please let me know.

I look forward to hearing from you shortly.

Sincerely,

Trang Dang

Junior CSM

Katalon Studio

An all-in-one test automation solution for Web, API, mobile, and desktop built for both beginners and expert testers..

Katalon TestOps

The software quality automation command center that allows test automation teams to collaborate, orchestrate, scale and continuously improve testing operations.

Katalon Runtime Engine

The test execution add-on of Katalon Studio. KRE allows you to execute automation tests in CLI mode. It can be used in a variety of scenarios, such as scheduling your tests, integrating with CI/CD system, or bundling your tests to execute in virtual containers like Docker.

Katalon TestCloud

On-demand, cloud-hosted and secure multi-browser testing environments. TestCloud allows QA and developers to run automated test scripts across multiple browsers and operating systems at the same time, without the need for physical infrastructure setup, maintenance, or third-party setups.
